Final Exam

The Final Exam consists of **fifty (50)** randomly selected questions from **all five (5) Parts** of the training modules. You must achieve a **ninety percent (90%)** passing grade for successful completion.

You will have the opportunity to take the Final Exam **three (3) times as part of your enrollment package**. Upon re-enrollment, you will have to repeat the required training modules before gaining access to the Final Exam again. Please be aware that some companies may wish to know how many attempts were required to pass the exam. To view your attempt history, please click on Transcript in the left navigation.

Each Final Exam attempt/submission must be completed within one **2-hour** sitting. The following scenarios represent attempts/submissions that count against the 3 included in your enrollment:

- Beginning the Final Exam and allowing the timer to expire will result in an automatic submission
- Clicking the Submit button to submit your answers to the questions

Note: Simply closing the Final Exam window does not count as an attempt/submission. If you close the window, your answers will not be saved and you will need to re-start the exam.

If you are a **re-certification user**, it is strongly recommended that you review Parts 1-3 before taking the Final Exam as it covers **all parts of the course** - recommended and required.
